

WHO ARE WE ?

Born of a union created in 1909, the FICIME is association ruled by the 1884 law. It gathers all international companies operating in the French market in the fields of high technology mechanical and electronic products.

OUR VOCATION

- To introduce the best of the world's technology and thus strengthen the firms competitiveness.
- To support the development of French economy exchanges and foster access to the world-wide innovations in favour of all potential users.

FICIME

THE BEST OF WORLDWIDE
TECHNOLOGY FOR USE IN THE FRENCH
MARKET OF MECHANICS
AND ELECTRONICS

FICIME

THE ENTREPRENEURSHIP

■ **Provides** a priceless tool for exchange of information through :

- specialised committees (technical, legal, social and training issues)
- symposiums, vocational training
- circulation of information (publications surveys, studies, website)

■ **Carries out** lobbying actions by :

- submitting proposals to the French authorities when legal and regulatory texts are formulated
- participating in negotiations relating to the application of regulation
- maintaining ongoing talks with the French and European organizations and institutions

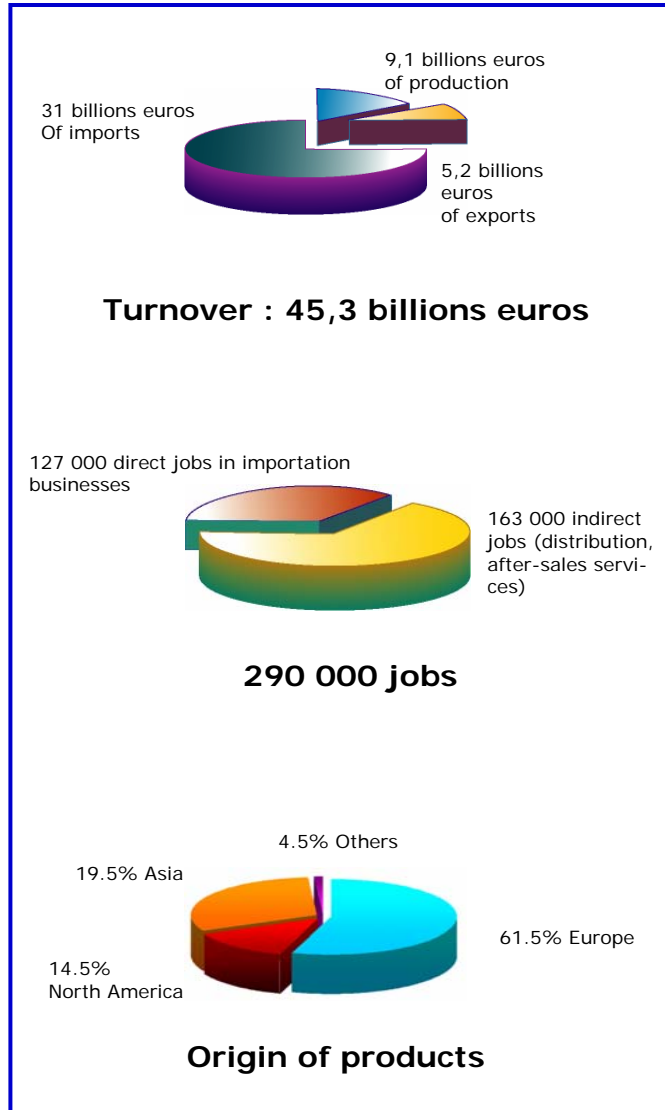

■ **Promotes** and supports the specific interests of our various professional sectors through :

- active participation in joint-committees (AFNOR, INRS, CCNIE)
- developing close relations with employers' organizations (Medef, Trade Council of France - International trade confederacy)
- establishing regular contacts with the business and professional press

ECONOMIC WEIGHT

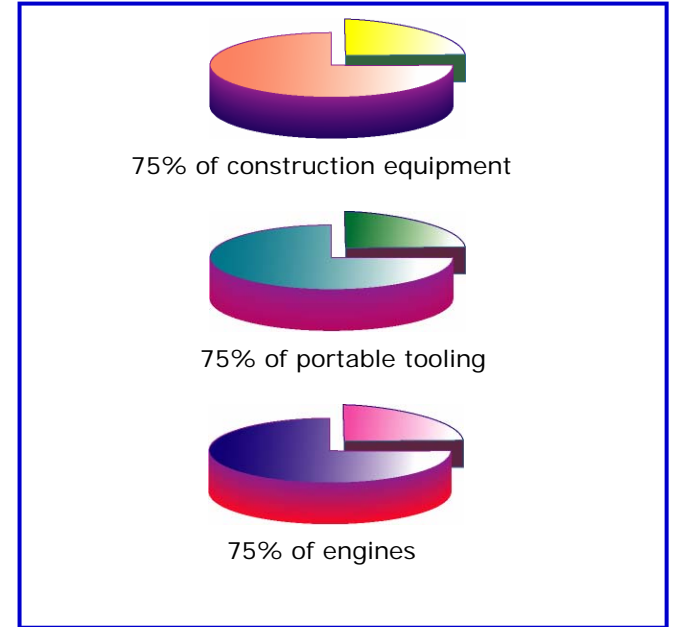

8 associations and 2 Unions are members of the FICIME which places at their disposal human resources and suitable means and logistics.

The FICIME federation gathers 216 companies : Subsidiaries of international companies as well as small and middle sized firms.
